### Peer Evaluation Form

Evaluate your team members by examining each person's contribution to the team project. This information will be used to assign individual peer grades.

Follow precisely the instructions provided below.

- Be thorough, objective and honest.
- Do not use fractions or evaluate yourself.
- An individual may receive any value from 0 to 20 points for each of the five attributes listed below (0 = strongly disagree, 5 = disagree, 10 = neutral, 15 = agree, 20 = strongly agree).
- Check your math. No column should add up to more than 100.
